Mr. McCarron is one of Liverpool's bright young potters and has been raised through all the different grades of pottery work to his new position, solely upon merit. He should be a great factor in the future success of the Shenango company.

CLEVER THIEF CAUGHT.

The Maddock Pottery company, Trenton, ended a systematic theft of go'd from their plant by the arrest of John Stephenson, a foreman on the plant. The peculations have been noticed for about a year, but the evidence of guilt was always deficient until a few days prior to the arrest of the culprit. It is estimated that fully \$2,000 worth of the precious material fair and warmer. was filched by the foreman in the time mentioned. His plan was to extract the gold from decorating brushes, rags, etc., and reduce it into nuggets which he sold below their intrinsic worth to unscruptious dealers in other cities.

Cured by the use of Kodol are received daily. Their troubles nearly all begin with indiges tion or other stomach disorder

If the food you eat fails to give strength to your body, it is because the juices si creted by the stomach and digestive organ are inadequate to transform the nutrient prop erties of the food into blood. That is indigestion. The system is deprived of the amount of nourishment required to keep up the strength, and the result is that one or more of the delicate organs gradually grows weak, and then weaker, until finally it is diseased. Here a great mistake is made. That of treating the diseased organ. The best doctors in the land make this very mistake. Why should they? It is so easy of illustrated Chautauqua Lake book, to see that the trouble is not there.

Stephen C. Gilson Meets a Horrible Death Beneath a Trolley Car.

Conductor Stephen C. Gilson, brothor of Sheriff Richard Gilson, was killed on the Steubenville, Mingo & Ohio Valley Traction line early Friday morn ng, while he was making his last rip to the car barn. It was a death errible in the extreme, yet it was quick and sudden and the unfortunate man did not suffer pain or anguish. as a second after his hands left the hand holds of the car he was decapitated.

What caused Conductor Gilson to fall from the car is not known, but it is supposed that he was not holding tightly to the hand holds, and that as he was about to turn to go to the rear. the slight jar on the curve, overbal enced him and he fell to the pave ment, under the wheels, both of which passed over his lower jaw. His head was out so that it is evident that i struck the protruding parts of the car as he fell. It was an extremely sad death, in which the whole community will sympathize with the wife, mother. brothers and sisters, all of whom are overburdened with sorrow.

Gilson came originally from Irondale, where his aged mother still resides.

The people can secure what they want from congress provided they go after it in the right way and are persistent enough. Now is as good a time as the nation will ever have to improve the Ohio river and benefit a fourth of the country directly and all the rest indirectly. The people of the Ohio valley, particularly the people of Ohio, should make up their minds to demonstrate to congress during the coming winter that the "On to Cairo" idea is a practical and economical one and that the \$60,000,000 it would cost to make the Ohio river navigable at all seasons would be a very profitable investment.

Hon. Andrew D. White, in an address at Yale university, called upon

American millionaires for fourteen million dollars to endow professorships in politics in American universities. These professorships are to include public affairs, public administration, international law, history of civiliza tion, American history, music and lit erature. In a general way it is as sumed that the purpose of these pro fessorships is to train young men for civic government. The idea is to train up an intelligent officeholding class in such a way as to imbue it with a higher sense of civic duty and responsibility and with a loftier conception of ofncial obligation in a democracy than are met with in the average politician. assuming that such training will result in higher efficiency and honesty in government.

KANSAS LEGISLATURE ADJOURNS

Passed Many Bills for Relief of Flood Sufferers-No Money Appropriated.

Topeka, June 27.—The extra session of the Kansas legislature has adjourn ed. More than 50 bills were passed, only two of which are of a general nature. Most of them gave Kansas counties the right to restore bridge; that were washed away by the flood County commissioners are authorized to aid flood sufferers from the county fund to any extent that seems best to them. To the last an effort was made to pass a bill appropriating money for the relief of the sufferers, but it was

defeated. This action of the legislature has caused a great amount of criticism.

Governor Bailey explained his attitude toward a relief appropriation as follows

"I feel that criticism of my attitude in this matter is unjust. There is very little, if any, destitution in the flood district. Whatever destitution there is has been or will be relieved by the local authorities, the local charities and the assistance which comes freely from the outside. The need is great through the Kansas valley, but the cases of destitution are

ARRESTED AT HIS HOME

G. Bailey Said to Have Cashed a Voucher Intended For a Fellow Employe.

W. G. Bailey was committed to the Allegheny county jail last night by Alderman J. D. Walker, in default of \$1,000 bail, to answer to a charge of forgery. Bailey had been arrested by Special Officers Frederick Goebert and A. H. Swinehart, of the Pennsylvania company detective force, at his home in Wellsville. Bailey is a conductor on the Cleveland & Pittsburg division of the Pennsylvania lines. He is said to have forged the name of another man to a receipt for sick benefit.

Under the rules of the company when an employe is entitled to sick benefits a youcher is drawn and then a notice posted that the voucher is awaiting the owner. It is said that Bailey represented himself to be W. E. Bird and drew a voucher which had been issued in Bird's favor to the amount of \$10.48. The clerk, when he signed the receipt, had a suspicion ing. that all was not right and reported the matter and an investigation was drawing the voucher had it cashed at a grocery store where he purchased a quantity of groceries.

gregation of Diamond Rovers-The time. Visitors Looked Worse Than 30 Cents Before Miller's Delivery.

The Malleables, of Cleveland, gave the locals their first shutout of the season yesterday afternoon in West End park, the score being 8 to 0. The game was rocky enough, but an improvement over the previous exhibition, and the fans were better satis gallon, middle; McKeever, right. fied. Under ordinary circumstances Lawrence should be tickled all over, but he failed to show the least exultance last evening, knowing that most any old twirler should have done the and Chester at Rock Springs park: same tling.

The visitors played to their limit in the game and all that can be said in Y. M. C. A. at Y. M. C. A. park, their defense is that they were bucking people entirely out of their class. Along about the fifth inning the feature of the game was brought into play, when Ballard struck his No. 10's on the line as Wallace was charging to second. The latter didn't go to do it, it was simply a case of "couldn't help it." He spiked the Clevelander, cutting the flesh deep enough to allow a little gore to trickle down the calf of his leg. The sight was so ghastly to the visitor that he became suddenly ill and asked that he be retired to right field. His wish was granted and his position was supplied by E. Flannigan, who made about as miserable a showing as his predecessor.

Luck must have been with the foreign gang, it surely was not their competen v. They went at it with more vim, however, and deserve a little credit for playing at all. One would have supposed after' witnessing the first drubbing that they would not erve up sufficiently to tackle the locals again. The result of the game was what should have been scored on Thursday. The locals played shutout ball both games and carelessness alone averted the double. They made another record, making two games in succession without an error.

The new man at third, Mason, can tain of the Windsors, would make a valuable addition. He is about as clever as can be found in these diggings, and won a place in the heart of every spectator. Brown was there as usual. He played his favorite posi- ANNIVERSARY OF tion, left field, and succeeded in getting in another of those long throws that he has gained a name for. He is surely a great sprinter and has an arm that can t be beat.

Wallace only got two hits, two runs and eight putouts. He is not contented unless he doubles that record. Neither was Emmerling satisfied with 13 putouts and an assist.

The runs scored were scattered throughout the game, causing just a little enthusiasm to abound from the beg's ning. The scot

At o'clock about 60 guests had assembled in the spacious hall above their residence, where a bountiful repast was served to all. Several hours were spent in renewing old friendships. Seated in the center of the hall was two aged couples, Mr. and Mrs. H. A. Thompson, and Mr. and Mrs. Alex. George, of Pravo, who were married on the same day by the same minister,

"Favorite Prescription."

"My disease was displacement and ulceration of the uterus, and I was in a terrible condition with pain and weakness and had given up all hopes of ever being well again." writes Mrs Harry A. Brown, of Orono, Penobscot Co. Me. "Had doctored with four different doctors within four months, and instead of getting better was growing weaker all the time. I decided to try your 'Favorite Prescription,' Golden Medical Discovery,' and 'Pleasant Pellets,' as I had heard of the many cures resulting from their use. I bought five bottles and felt so much bet ter after taking them that I kept on until I am as well as ever in my life, and to Dr. Pierce all the praise is due. I cannot say enough in favor as well as ever in my life, and to Dr. Pierce all the praise is due. I cannot say enough in favor of his medicines. Before I began taking you medicines I only weighed one hundred and twenty pounds. I now weigh one hundred and sixty pounds. I gained forty pounds in six months. I shall doctor no more with home doctors, as it is only waste of money. I am now in perfect health, thanks to Dr. Pierce." Dr. Pierce's Pleasant Pellets clear the muddy complexion.

War Correspondents Almost Outnumbered Soldiers at Jackson-Unarmed Long-Distance Warriors Responsible for Kentucky's Bad Name.

Frankfort, Ky., June 27 .- Governor Beckham, in response to many requests, gave out a lengthy statement in reference to his position in the THE MUTUAL LIFE INSURANCE Breathitt county matter. He said in 'A great many letters have come to

me in the last few weeks-some from those who are friends, some from those who are not-urging me to use radical measures in dealing with the infortunate trouble in Breathitt county; to declare martial law and to have trials of the accused by courtsmartial; to remove judges and other officials, and, in fact, to do most anything for which there is absolutely no warrant of law to do upon the part of the executive.

"A number of newspapers in the state, some kindly in their feelings towards me, others most hostile and bitter, have come out in heavy editorials and said it was up to the governor to do something to put a stop to this lawlessness and crime. None of them, however, with one honorable morning service, 10:45 a.m.; evening exception, ever suggested, in their in finite wisdom, a plan to the governor as to what he should do. All seemed to hint at a declaration of martial law. State Judged by Action of One County.

"I care not one particle for the pharisaical censure of those yellow journals of the north and east whose mercenary greed for a saleable romance and whose partisan hatred of fame and misrepresent the great and good people of all Kentucky because one county out of 119 within the state has recently been the scene of certain crimes and violations of the law. It has become a fashion and a fad with Kentucky, when the slaughter of an entire family in their locality is not dignified with a dozen lines. The calling into service of the entire national guard of one of the northern states to suppress a strike, where hundreds may be slain, does not at tract one-half the notice from those Avondale street, J. Brief Notes of a Personal Nature and of Matters About

A Series of Lectures-A series of lec tures has been arranged for by Rev G. W. Orcutt and the Epworth League of the Erie street M. E. church. The first will be on the evening of July 14 by Rev. Dr. M. B. Pratt on the Maltese Cross. Rev. C. E. Clark, of Wells ville, and Presbyterian Secrist, of the Steubenville district Epworth League. will deliver succeeding lectures.

Two Arrests-E. Brown, from no where in particular, was arrested by Officer Fisher last night and lodged in jail. At the heaing he was fined \$2 and costs, which he paid and was released. Pat Woods arrested Peter Wilson in the alley in the rear of Col. Taylor's residence shortly after noon today, and he was taken to jail in the patrol. Wilson was very drunk, and when searched by the officer, was found to possess \$5.80. He will probably be compelled to remain in the jail over Sunday.

INVESTIGATION IS IN PROGRESS

People in the Vicinity Want Tanyard Run Sewerage Improved.

The board of public service, with number of the property owners in the vicinity, viewed the north end of Tanyard run yesterday, and it is expected council will be asked to make some extensive improvement in the near fu-

The sanitary condition of the storm water sewer in this neighborhood has been very bad for several years and is constantly growing worse. Residents of Wucherer addition, through which the waterway runs, are anxious to have a permanent sewer constructed. and are willing to stand the expense. provided council will authorize the change. It is their desire that the sewer be closed and a brick arch be constructed the entire distance from the china works to the top of the hill.

Those of the citizens owning property at the point where the run empties into the main sewer near the china works are willing to stand the expense of the improvement, and the service board stated it would make a recommendation to council along this line. Before anything furtuer is done. however, an effort will be made to secure the consent of all the property owners on the run to stand the expense of building the arch sewer, and when this is done, if successful, the service board will make the recommendation, and the work will be done under its supervision. The change will mean much to the owners of property in that vicinity, and as many as have been approached have signified their willingness to bear the expense.

FASHION TABLOIDS

By our New York Correspondent.

The latest fad in Millinery lies in using several shades of straw of one color in making a hat. In browns shading to tan, it is a pretty idea, and equally effective are shaded greens, blues, violets and yellows.

Hat trimmings of ribbons not only effect many shades of one color, but two or three colors are also blended. The ends of the ribbons are cut in long, narrow shawl points, which mix and overlap each other in quite a bewildering way.

Bishop tab stock collars are made of two sfine embroidered handkerchiefs, one forming the collar and the other plaited to the center to make the tab.

The train gown is a very popular invention of the designers this summer. It is named because of its use. Women, of course, wear such frocks for dozens of other occasions besides travel, but they are made principally for those who use the trains constantly.

Turn-down collars and turn-back cuffs of hand-embroidered linen, hemstitched batiste, linen lawn wrought in some Persian

design, are used by the well-dressed woman. The wide mourning hats with their graceful veils of net, bordered with crepe are an improvement on the close bonnet

swathed in crepe and the hats are much cooler. One of the coolest materials that can be found for summer mourning dresses is black silk mull. It has a dull finish, is soft in texture and admirably adapted to shirred and gathered

The entire party left the pavilion at late hour, and the trip was made to the spacious rooms of the club at the corner of Fourth and Market streets, where a sumptuous banquet was servhandiwork of the tasty decorator, and the handsomely furnished rooms were made still more beautiful by the addition of flowers and palms. Manley's band had been engaged, and throughout the remainder of the evening discoursed sweet music while the guests lingered over their meal. Over an hour was spent at table, and when the banquet ended the guests were conveyed to their homes in cabs. Taken all in all, it was one of the best attended and most thoroughly enjoyable society events ever held in the city.

The conference between the repre sentatives of the N. B. of O. P. and the committee from the Western Manufac turers' association ended last night after having been in session since last Tuesday. So far as the accomplishment of the purpose for which they were called together is concerned, the meeting was fruitless. Stephen C. Gilson Meets a Horrible Death Beneath a Trolley Car.

Conductor Stephen C. Gilson, brother of Sheriff Richard Gilson, was killed on the Steubenville, Mingo & Ohio Valley Traction line early Friday morning, while he was making his last rip to the car barn. It was a death errible in the extreme, yet it was quick and sudden and the unfortunate man did not suffer pain or anguish, as a second after his hands left the hand holds of the car he was decapitated.

What caused Conductor Gilson to fall from the car is not known, but it s supposed that he was not holding ightly to the hand holds, and that as e was about to turn to go to the rear. the slight jar on the curve, overbal enced him and he fell to the pave ment, under the wheels, both of which passed over his lower jaw. The people can secure what they want from congress provided they go after it in the right way and are persistent enough. Now is as good a time as the nation will ever have to improve the Ohio river and benefit a fourth of the country directly and all the rest indirectly. The people of the Ohio valley, particularly the people of Ohio, should make up their minds to demonstrate to congress during the coming winter that the "On to Cairo" idea is a practical and economical one and that the \$60,000,000 it would cost to make the Ohio river navigable at all seasons would be a very profitable in-

Hon. Andrew D. White, in an address at Yale university, called upon

American millionaires for fourteen million dollars to endow professorships in politics in American universities. These professorships are to include public affairs, public administration; international law, history of civilizaion, American history, music and lit erature. In a general way it is assumed that the purpose of these professorships is to train young men for civic government. The idea is to train up an intelligent officeholding class in such a way as to imbue it with a high er sense of civic duty and responsibility and with a loftier conception of ofncial obligation in a democracy than are met with in the average politician, assuming that such training will result in higher efficiency and honesty in government.

ARRESTED AT HIS HOME

Bailey Said to Have Cashed a Voucher Intended For a Fellow Employe.

W. G. Bailey was committed to the Allegheny county jail last night by Alderman J. D. Walker, in default of \$1,000 bail, to answer to a charge of forgery. Bailey had been arrested by Special Officers Frederick Goebert and A. H. Swinehart, of the Pennsylvania company detective force, at his home in Wellsville. Bailey is a conductor on the Cleveland & Pittsburg division of the Pennsylvania lines. He is said to have forged the name of another man to a receipt for sick benefit.

Under the rules of the company when an employe is entitled to sick benefits a voucher is drawn and then awaiting the owner. It is said that Bailey represented himself to be W. been issued in Bird's favor to the amount of \$10.48. The Malleables, of Cleveland, gave the locals their first shutout of the season yesterday afternoon in West End park, the score being 8 to 0. The lon, catcher; Dechant, pitcher; Bailey, game was rocky enough, but an im short; Weingartner, first; Lester, sec provement over the previous exhibi ond; Godwin, third; Nagle, left; Giltion, and the fans were better satisfied. Under ordinary circumstances Lawrence should be tickled all over, but he failed to show the least exultance last evening, knowing that most any old twirler should have done the and Chester at Rock Springs park; same thing.

Along about the fifth inning the feature of the game was brought into play, when Ballard struck his No. 10's on the line as Wallace was charging to second. The latter didn't go to do it, it was simply a case of "couldn't help it." He spiked the Clevelander, cutting the flesh deep enough to allow a little gore to trickle down the calf of his leg. The sight was so ghastly to the visitor that he became suddenly ill and asked that he be retired to right field. His wish was granted and his position was supplied by E. Flannigan, who made about as miserable a show ing as his predecessor.

Luck must have been with the for eign gang, it surely was not their competen v. They went at it with more vim. however, and deserve a little credit for playing at all. One would have supposed after' witnessing the first drubbing that they would not nerve up sufficiently to tackle the locals again. The result of the game was what should have been scored on Thursday. The locals played shutout ball both games and carelessness alone averted the double. They made another record, making two games in succession without an error.

The new man at third, Mason, captain of the Windsors, would make valuable addition. He is about as clever as can be found in these diggings, and won a place in the heart of every spectator. Brown was there as usual. He played his favorite posi- ANNIVERSARY OF tion, left field, and succeeded in getting in another of those long throws that he has gained a name for. He is surely a great sprinter and has an arm that can t be beat.

Wallace only got two hits, two runs and eight putouts. He is not contented unless he doubles that record. Neither was Emmerling satisfied with 13 putouts and an assist.

The runs scored were scattered throughout the game, causing just a little enthusiasm to abound from the beg's ning. The score:

AND A BIRTHDAY CELEBRATED

AT SALINEVILLE THIS WEEK.

H. A. Thompson and wife and Alexander George and Wife Were Married Same Day 55 Years Ago,

The 55th anniversary of the marriage of Henry Allison Thompon and Hannah Graham Thompson; also the 79th birthday of Henry A Thompson, of Salineville, was cele brated last Wednesday, June 24, at their home on Main street. At 1 o'clock about 60 guests had assembled in the spacious hall above their residence, where a bountiful repast was served to all. Several hours were spent in renewing old friendships. Seated in the center of the hall was two aged couples, Mr. and Mrs. H. A. Thompson, and Mr. and Mrs. Alex. George, of Pravo, who were married on the same day by the same minister. 55 years ago. A short program had been arranged for the afternoon in the United Presbyterian church. By 2 o'clock the church was filled and the chairman, F. B. Sawval, called the gathering to order. IT CURES THE CAUSE.

"For 20 years until within the last 15 months I have been greatly troubled with indigestion and have used a great many remedies without obtaining any permanent relief. About the 15th of June, 1900. I commenced using Nau's Dyspepsia Cure, and am pleased to say that I consider myself entirely cured of all stomach troubles. I have delayed expressing to you my opinion of your valuable remedy until such a time has elapsed as to convince me of my entire recovery. At the time I began to use Nau's Dyspepsia Cure, my health was in a critical condition and my friends had almost given up hopes of my recovery, and I am satisfied in my opinion that had it not been for Nau's Dyspepsia Cure. It has become a fashion and a fad with those papers to picture in the most lurid and sensational type a killing in Kentucky, when the slaughter of an entire family in their locality is not dignified with a dozen lines. The calling into service of the entire national guard of one of the northern states to suppress a strike, where hundreds may be slain, does not at tract one-half the notice from those Avondale street, J. The kidneys are the sewers that strain the polsons out of the system. We can stand the derangement for a short while, but when the interference becomes chronic (permanent), as first explained by Bright, it is only a question of how long before death will ensue. It is then called Brights Disease and incurable. All kidney troubles develop into this form about the 8th to 10th month. The above cases were incurable by all other known means. People having kidney disease should begin at first with the only known thing that will cure it if it has reached the serious stage. No one has regretted more than I have the unfortunate situation there. have been active in every way possible to aid in the enforcement of the law. While I believe Judge Redwife to be an honest and capable judge, I urged him several days before his court began not to try these cases himself, but to transfer them to another county or to allow me to appoint another judge. I feared that convictions might not be had in Breathitt county. But he took a different view of it, and his conduct in the recent trials showed that he was honest, faithful and earnest in his desire to see the law enforced. After the jury failed to agree he promptly transferred the cases to a county against which there could be no possible objection on the part of the prosecution.

Brief Notes of a Personal Nature and of Matters About Town.

A Series of Lectures-A series of lectures has been arranged for by Rev G. W. Orcutt and the Epworth League of the Erie street M. E. church. The first will be on the evening of July 14 by Rev. Dr. M. B. Pratt on the Maltese Cross. Rev. C. E. Clark, of Wellsville, and Presbyterian Secrist, of the Steubenville district Epworth League. will deliver succeeding lectures.

Two Arrests-E. Brown, from no where in particular, was arrested by Officer Fisher last night and lodged in jail. At the heaing he was fined \$2 and costs, which he paid and was re leased. Pat Woods arrested Peter Wilson in the alley in the rear of Col Taylor's residence shortly after noon today, and he was taken to jail in the patrol. Wilson was very drunk, and when searched by the officer, was found to possess \$5.80. He will probably be compelled to remain in the jail over Sunday.

FASHION TABLOIDS

By our New York Correspondent.

The latest fad in Millinery lies in using several shades of straw of one color in making a hat. In browns shading to tan, it is a pretty idea, and equally effective are shaded greens, blues, violets and yellows.

Hat trimmings of ribbons not only effect many shades of one color, but two or three colors are also blended. The ends of the ribbons are cut in long, narrow shawl points, which mix and overlap each other in quite a bewildering way.

Bishop tab stock collars are made of two sfine embroidered handkerchiefs, one forming the collar and the other plaited to the center to make the tab.

The train gown is a very popular invention of the designers this summer. It is named because of its use. Women, of course, wear such frocks for dozens of other occasions besides travel, but they are made principally for those who use the trains constantly

Turn-down collars and turn-back cuffs of hand-embroidered linen, hemstitched batiste, linen lawn wrought in some Persian design, are used by the well-dressed woman.

The wide mourning hats with their graceful veils of net, bordered with crepe are an improvement on the close bonnet

swathed in crepe and the hats are much cooler. One of the coolest materials that can be found for summer mourning dresses is black silk mull. It has a dull finish, is soft in texture and admirably adapted to shirred and gathered

SMALLPOX CASES IN COUNTRY DISTRICTS

Some in West Township and One North of Lisbon.

Salem, June 27.-New Alexander, in is under quarantine. Several cases of smallpox have developed there. The disease, it is said, was brought there from Pittsburg by Mrs. Louise Willison, who was taken ill with the disease soon after her arrival there.

A case of smallpox is reported on the Salem road, north of Lisbon, the victim being Lloyd Grate, aged 14, of Wellsville. Drs. Marquis, Jones and Graham, all of Lisbon, were called in consultation yesterday and pronounced the case smallpox. The boy is said to have come from his home in Wellsville a few days ago to visit relatives. He is a son of Louis Grate. The township authorities have adopted rigid quarantine measures.

Statement By the Manufacturers Followed By One from President Duffy, of the Brotherhood-The Points Which Are at Issue.

The conference between the repre sentatives of the N. B. of O. P. and the turers' association ended last night after having been in session since last Tuesday. So far as the accomplishment of the purpose for which they were called together is concerned, the meeting was fruitless. The represen tatives of each side of the controversy have issued statements, both of which tell their own story, making comment unnecessary. That of the manufacturers' association was given out last night, and is as follows:

"In view of the fact that the confer ence committee of the Brotherhood and manufacturers have failed to reach an agreement on the several de mands submitted by the Brotherhood under date of June 1, and already pub lished, and that the future course of the operatives who depend upon vote of the several locals, the manufacturers consider it due to the public that an exact statement be made as to the actions taken in conference upon

The Shenango China company will rec some unusual changes in its personnel on July 1, General Manager C. R. Phillips having resigned and disposed of his interests in the company. He will be succeeded by Daniel E. Mc-Carron, for several years office manager of the Potters' Co-Operative company, of East Liverpool, and J. W. Aymar, late assistant general manager, will again "hit the road." Mr. McCarron is one of Liverpool's bright young potters and has been raised through all the different grades of pottery work to his new position, solely upon merit. He should be a great factor in the future success of the Shenango

CLEVER THIEF CAUGHT.

The Maddock Pottery company, of Trenton, ended a systematic theft of go'd from their plant by the arrest of John Stephenson, a foreman on the plant. The peculations have been noticed for about a year, but the evidence of guilt was always deficient until a few days prior to the arrest of the culprit. It is estimated that fully \$2,000 worth of the precious material was filched by the foreman in the time mentioned. His plan was to extract the gold from decorating brushes, rags, etc., and reduce it into nuggets which he sold below their intrinsic worth to unscruptious dealers in other cities.

Dr. Miles' Heart Cure Brought Good Health.

Thave every reason to recommend the Dr. Miles Remedies as the Heart Cure saved my life. I am a large man, considerably over six feet in height, weigh nearly three hundred pounds. Some years ago my heart was so seriously affected that I never expected to get well. Doctors pronounced my case incurable. I noticed your advertisement in some paper, and bought six bottles of the Heart Cure. I felt great relief and improved so I continued until I had taken twelve bottles. My trouble was organic and I never expected to be permanently cured, but thanks to Dr. Miles Heart Cure, I have kept in good health and have been able to follow my profession continually since first taking the remedies eight years ago. I am a musician, teacher of instrumental and vocal music, musical conductor, etc. I have taught all over the state of Michigan and have recommended Dr. Miles' Heart Cure to thousands of persons in all parts of the state and have heard nothing but good reports of it. I have induced dozens of persons in my own county to take Dr. Miles' Heart Cure as my word is never doubted by those who know me."—C. H. Smith, Flint, Mich.

ACCIDENT AT MINCO

Death Beneath a Trolley Car.

Conductor Stephen C. Gilson, brothr of Sheriff Richard Gilson, was killed on the Steubenville, Mingo & Ohio Valley Traction line early Friday mornng, while he was making his last rip to the car barn. It was a death errible in the extreme, yet it was juick and sudden and the unfortunate man did not suffer pain or anguish, as a second after his hands left the hand holds of the car he was decapitated.

What caused Conductor Gilson to fall from the car is not known, but it is supposed that he was not holding tightly to the hand holds, and that as he was about to turn to go to the rear the slight jar on the curve, overbal anced him and he fell to the pave ment, under the wheels, both of which passed over his lower law. His head was out so that it is evident that it struck the protruding parts of the car as he fell. The people can secure what they want from congress provided they go after it in the right way and are persistent enough. Now is as good a time as the nation will ever have to improve the Ohio river and benefit a fourth of the country directly and all the rest indirectly. The people of the Ohio valley, particularly the people of Ohio, should make up their minds to demonstrate to congress during the coming winter that the "On to Cairo" idea is a practical and economical one and that the \$60,000,000 it would cost to make the Ohio river navigable at all seasons would be a very profitable in-

Hon. Andrew D. White, in an address at Yale university, called upon

American millionaires for fourteen million dollars to endow professorships in politics in American universities. These professorships are to include public affairs, public administration, international law, history of civilization, American history, music and literature. In a general way it is assumed that the purpose of these professorships is to train young men for civic government. The idea is to train up an intelligent officeholding class in such a way as to imbue it with a higher sense of civic duty and responsibilty and with a loftier conception of ofncial obligation in a democracy than are met with in the average politician, assuming that such training will result in higher efficiency and honesty in government.

The New York Times figures that there is a billion dollars spent in advertising yearly in the United States. A billion dollars is an enormous sum. It is three times the value of our total wheat crop; three times our total gold production, and ten times the value of the total products of the iron industry. KANSAS LEGISLATURE ADJOURNS

Passed Many Bills for Relief of Flood Sufferers-No Money Appropriated.

Topeka, June 27.—The extra session of the Kansas legislature has adjourned. More than 50 bills were passed,

only two of which are of a general nature. Most of them gave Kansas counties the right to restore bridge; that were washed away by the flood County commissioners are authorized to aid flood sufferers from the county fund to any extent that seems best to them. To the last an effort was made to pass a bill appropriating money for the relief of the sufferers, but it was

defeated. This action of the legisla-

Governor Bailey explained his attitude toward a relief appropriation as follows

"I feel that criticism of my attitude in this matter is unjust. There is very little, if any, destitution in the flood district. Whatever destitution there is has been or will be relieved by the local authorities, the local charities and the assistance which comes freely from the outside. The need is great through the Kansas valley, but the cases of destitution are

~++++++++++++++++++ A SIXTY FOOT FLAG SUSI ENDED ON HIGH

Kites Will Be Used to Furnish Novel Spectacle at Wellsville July 4.

Interest in the Fourth of July celebration here daily increases and new and novel features are being constantly added to the program. One of the most interesting events of the day will be the suspension of a 60-foot American flag half a mile in the air by means of immense box kites. This flag will be sent up early on the morning of the Fourth from the public square, and will be in charge of H. H Whitacre, who is one of the most ex pert box kite makers and flyers in the United States, and he is a Wellsville

Mayor Fogo vesterday afternoon is sued 136 red, white and blue suits to boys ranging in age from 7 to 11 years. This brigade will be under the super vision of Ellis Pease. It is expected a hundred more boys will join this brigade by dark this evening.

There will be four automobiles in the street parade, all of which are owned by Wellsville neonle.

Contributions to the fund are still coming in and the soliciting committee is now well supplied with ample funds to make the affair a grand success. Chief Marshal Lloyd has appointed as his aides Dr. F. K. Hutchison and Mr. George Imbrie.

Another public meeting will be held in the council chamber Monday night to complete all arrangements.

ARRESTED AT HIS HOME

W. G. Bailey Said to Have Cashed a Voucher Intended For a Fellow Employe.

W. G. Bailey was committed to the Allegheny county jail last night by Alderman J. D. Walker, in default of \$1,000 bail, to answer to a charge of forgery. Bailey had been arrested by Special Officers Frederick Goebert and A. H. Swinehart, of the Pennsylvania company detective force, at his home in Wellsville. Bailey is a conductor on the Cleveland & Pittsburg division of the Pennsylvania lines. He is said to have forged the name of another man to a receipt for sick benefit.

Under the rules of the company when an employe is entitled to sick benefits a voucher is drawn and then a notice posted that the voucher is awaiting the owner. It is said that Bailey represented himself to be W. E. Bird and drew a voucher which had been issued in Bird's favor to the amount of \$10.48. The clerk, when he mill a few days ago, is nicely improvsigned the receipt, had a suspicion ing. that all was not right and reported started. Bailey, it is alleged, after drawing the voucher had it cashed at a grocery store where he purchased a quantity of groceries.

VANCE FROM COUNTY.

About \$7,000 Will Be Distributed Among Officials And Employes of the City.

The employes of the city will reeive their pay this evening in the of fice of Auditor Willis Davidson. In cluded on the pay roll are the police firemen and street cleaning force. A few bills ordered paid by the board of public safety will also be honored. The auditor states that all of the bills held against the city for supplies, etc. would be paid if they were submitted and approved, but through the negligence of some one they have not FOR PLAINTIFF reached him. It is estimated that the amount that will be circulated in the city this evening will not fall short of \$7,000.

The auditor received the regular June advance yesterday afternoon and county are invited to attend the A Great Legal Battle Fought By the from the county auditor and immediately a conference was held to decide on a legal plan that would allow the salaries to be paid from it. By construing the provisions of the code to 200-202 SIXTH ST. & Both Phones 544 read that the bills can be paid by a uniform system of counting those having the matter in charge decided that there would be nothing irregular in paying the money.

It was expected that the advance from the county auditor would be at least \$20,000, and why it fell short of that amount is not known. The money distributed this evening will be re turned to the funds from which it is drawn when the treasury is reimbursed by the issuance of bonds. The auditor's office will be opened

A o'clock to those wishing their pay scene of more hustle and business than for a long time. That the room is too small for the auditor will be clearly demonstrated this evening, and it is due to the fact that council raised an council to have the mayor change his quarters to the office now occupied by down and an iron grating erected in its stead. The office now in use by the mayor will remain intact. It will be used by the auditor and treasurer as a

When the proposed improvement is made, and it is said that the work will commence when the money from the bonds is received, the auditor will have no more trouble attending to the business of the office, and the treasurer, who now has no quarters but his house, will have commodious quarters.

The Malleables, of Cleveland, gave the locals their first shutout of the season yesterday afternoon in West End park, the score being 8 to 0. Along about the fifth inning the feature of the game was brought into play, when Ballard struck his No. 10's on the line as Wallace was charging to second. The latter didn't go to do it, it was simply a case of "couldn't help it." He spiked the Clevelander, cutting the flesh deep enough to allow a little gore to trickle down the calf of his The sight was so ghastly to the visitor that he became suddenly ill and asked that he be retired to right field. His wish was granted and his position was supplied by E. Flannigan, who made about as miserable a showing as his predecessor.

Luck must have been with the foreign gang, it surely was not their competen y. They went at it with more vim, however, and deserve a little credit for playing at all. One would have supposed after witnessing the first drubbing that they would not nerve up sufficiently to tackle the locals again. The result of the game was what should have been scored on Thursday. The locals played shutout ball both games and carelessness alone averted the double. They made another record, making two games in succession without an error.

The new man at third, Mason, captain of the Windsors, would make a valuable addition. He is about as clever as can be found in these diggings, and won a place in the heart of every spectator. Brown was there of every spectator. Brown was there as usual. He played his favorite position, left field, and succeeded in getting in another of those long throws that he has gained a name for. He is surely a great sprinter and has an arm that can t be beat.

Wallace only got two hits, two runs and eight putouts. He is not contented unless he doubles that record. Neither was Emmerling satisfied with 13 putouts and an assist

The runs scored were scattered throughout the game, causing just a little enthusiasm to abound from the beg's ning. The score:

I urged him several days before his court began not to try these cases himself, but to transfer them to anconvictions might not be had in ferent view of it, and his conduct in the recent trials showed that he was bonest, faithful and earnest in his desire to see the law enforced. After the jury failed to agree he promptly transferred the cases to a county against which there could be no possible objection on the part of the prosecution.

Brief Notes of a Personal Nature and of Matters About Town.

A Series of Lectures-A series of lectures has been arranged for by Rev. G. W. Orcutt and the Epworth League of the Erie street M. E. church. The first will be on the evening of July 14 by Rev. Dr. M. B. Pratt on the Maltese Cross. Rev. C. E. Clark, of Wellsville, and Presbyterian Secrist, of the Steubenville district Epworth League. will deliver succeeding lectures.

Two Arrests-E. Brown, from nowhere in particular, was arrested by Officer Fisher last night and lodged in iail. At the heaing he was fined \$2 and costs, which he paid and was released. Pat Woods arrested Peter Wilson in the alley in the rear of Col. Taylor's residence shortly after noon today, and he was taken to jail in the patrol. Wilson was very drunk, and when searched by the officer, was found to possess \$5.80. He will probably be compelled to remain in the jail over Sunday.

It is their desire that the sewer be closed and a brick arch be constructed the entire distance from the china works to the top of the hill.

Those of the citizens owning property at the point where the run emp ties into the main sewer near the china works are willing to stand the expense of the improvement, and the service board stated it would make a recommendation to council along this line. Before anything further is done however, an effort will be made to s cure the consent of all the property owners on the run to stand the ex pense of building the arch sewer, and when this is done, if successful, the service board will make the recommendation, and the work will be done under its supervision. The change will mean much to the owners of property in that vicinity, and as many as have been approached have signified their willingness to bear the expense.

FASHION TABLOIDS

By our New York Correspondent.

The latest fad in Millinery lies in using several shades of straw of one color in making a hat. In browns shading to tan, it is a pretty idea, and equally effective are shaded greens, blues, violets and yellows.

Hat trimmings of ribbons not only effect many shades of one color, but two or three colors are also blended. The ends of the ribbons are cut in long, narrow shawl points, which mix and overlap each other in quite a bewildering way.

Bishop tab stock collars are made of two sfine embroidered handkerchiefs, one forming the collar and the other plaited to the center to make the tab.

The train gown is a very popular invention of the designthis summer. It is named because of its use. Women, of course, wear such frocks for dozens of other occasions besides travel, but they are made principally for those who use the trains constantly.

Turn-down collars and turn-back cuffs of hand-embroidered linen, hemstitched batiste, linen lawn wrought in some Persian design, are used by the well-dressed woman.

The wide mourning hats with their graceful veils of net, bordered with crepe are an improvement on the close bonnet swathed in crepe and the hats are much cooler.

One of the coolest materials that can be found for summer mourning dresses is black silk mull. It has a dull finish, is soft in texture and admirably adapted to shirred and gathered

Here was also seen the artistic handiwork of the tasty decorator, and the handsomely furnished rooms were made still more beautiful by the addition of flowers and palms. Manley's band had been engaged, and through out the remainder of the evening dis coursed sweet music while the guests lingered over their meal. Over an hour was spent at table, and when the banquet ended the guests were conveyed to their homes in cabs. Taken all in all, it was one of the best at tended and most thoroughly enjoyable society events ever held in the city

A FOUR YEARS' COURTSHIP

College Romance in Which Milton Gladden Figures Ends in Wedding. A Michigan paper gives the follow-

ing account of the wedding at Adrian. Mich., of Milton Gladden:

"After a four years' courtship extending over their college work which ended today with commencement. Hattie Florence Rowley, of this city, and Thomas Milton Gladden, of Connellsville, Pa., decided to go hand in hand arship on which she had gone through college. The same year Mr. Gladden completed his course of study in the New Brighton, Pa., high school, and the following year he and Miss Rowley entered the freshmen class of skeleton or Adrian college together."
